

## Message: Reaping What You Sow

## 2Samuel 13

July 7, 2024

### ***Sermon notes:***

An inexcusable act                      1-20

➤ *Whether Amnon knew it or not, he was simply following in his father's footsteps – he wanted, so he took*

An ineffectual response                21-22

➤ *The rape was bad enough, but worse was Amnon's failure to accept moral responsibility for his actions*

An insidious plot                        23-39

➤ *There are remarkable similarities between Absalom's plan for revenge and Amnon's original plan*

**\*Galatians 6:7, "Do not be deceived: God cannot be mocked. A man reaps what he sows"\***
